

# GIUSTI WINE

## Grappa

A selection of spirits for the most demanding of connoisseurs, with a range of refined and exclusive tastes offering unmistakable sensory features created to accompany truly classic through to the most original and bold flavours.

### *ACQUAVITE GIOVANE GIUSTI*

**6/500 mL**

Young and crystalline clear Grappa with a big personality, GIOVANE GIUSTI is a pure, fresh but distinctive spirit. This white grappa is obtained with a blend of pomaces coming from red and white grapes known to be outstanding for distillation. It lies for more than two months in large used oak Tonneaux before being bottled, thus giving the product its typical mellowness.

### *ACQUAVITE BARRIQUE GIUSTI*

**6/500 mL**

Intense, elegant, suave and complex, BARRIQUE GIUSTI grappa ages in small oak casks for the necessary time to enrich its bouquet with the distinctive, sweet aromas of the wood. In fact it is here in the casks that its flavour is also enhanced by the magical encounter between the distillate of pure white and red pomaces and the wood. That is the secret that lies behind BARRIQUE GIUSTI grappa and its distinctive, unmistakable bouquet.

### *RISERVA GIUSTI*

**1/500 mL**

GIUSTI RISERVA is our first trial of grappa aged in “barriques” previously used to hold local superior red wines and for which a new one-of-a-kind technique has been used to treat the staves. GIUSTI RISERVA grappa is a blend, that is, a grappa made up from several spirits made from different grape marcs of different vintages. In this case the grappa has been aged for 6 years. The one-wine Troncais oak barrels impart characteristic features to the product.
